Africa solar panel assembly manufacturers

Who are the leading solar companies in Africa? Africa's solar energy sector is experiencing significant growth, driven by the continent's abundant sunlight and increasing demand for sustainable energy solutions. Several companies across Africa are leading the charge in solar panel manufacturing and deployment. Here are ten notable solar companies making an impact:

1. ARTsolar (South Africa)
Who sells solar panels in East Africa? With a strong presence in East Africa, Davis & Shirtliff offers a range of solar solutions, including panels, inverters, and water heating systems. The company is known for its quality products and comprehensive after-sales services.
8. Go Solar Systems Ltd (Kenya)
Who makes artsolar solar panels in South Africa? Founded in and based in Durban, ARTsolar is South Africa's only locally owned solar panel manufacturer. The company produces high-quality photovoltaic (PV) modules and has a production capacity of up to 250 MW per year. ARTsolar's panels are internationally and locally certified, catering to both residential and commercial markets.
