## Chad Outdoor Power Supply Specialty

Does Chad framework allow private investment in energy production? Chad framework has allowed private investment in energy production since only in recent years and as of Currently only one solar IPP (Djermaya - 28MW) is active and expected to reduce power supply failures and global price fluctuation. This project is also part of the Desert To Power Initiative. What energy resources does Chad have? The majority of its existing capacity comes from diesel, natural gas and heavy fuel oil generation. Chad is living an energy crisis that undermines its development possibilities with extremely limited electricity access (8%). The country is however rich of energy resources, including fossil fuels with strongest solar and wind energy potential. How many independent power producers in Chad? There is One (1) active Independent Power Producers (IPPs) in Chad. Law No.036/PR/ relating to the national electricity law. Please read the law here
