

## Honduras Energy Storage and New Energy Investment Directions

In an effort to secure its long-term energy future, the government has unveiled plans for a \$1.5 billion public tender that will introduce 1.5 GW of new generation capacity, with a heavy emphasis on renewable energy integrated with storage systems. Honduras: Six bids for 'ambitious' 300MWh Nov 15, A government meeting taking place to discuss the tender. Image: Erick Tejada Carbajal via X. Last week (7 November) saw bids Honduras awards 300 MWh battery storage project Mar 25, The National Electric Power Company (ENEE) has selected a Chinese-Honduran consortium to design, supply, install, test, and commission a grid-connected battery energy Honduras to launch 1.5 GW tender, including 975 MW of renewable energy May 15, The National Electric Energy Company has submitted rules for the international public bidding process for the purchase of 1.5 GW of capacity and energy. The tender will Honduras courts China for 975 MW May 14, Honduran Energy Secretary Erick Tejada said, "Once the CREE issues its no-objection, we will be ready to officially launch the Pathways to Decarbonize Honduras' Power Feb 24, A deep decarbonization scenario dispatches renewable energy resources with a small cost premium of 9.60 \$/MWh without Honduras Energy Tender: A Major Boost for May 24, Honduras launches a major 1,500 MW energy tender, dedicating 975 MW to renewables. Explore investment opportunities and Honduras awards region's largest battery storage project to Mar 27, Honduras has awarded a US\$50.2 million contract for a 75 MW battery energy storage system to the Chinese-Honduran consortium Windey-Equinsa. This project, selected First Bid, First Win! Windey Secures First Energy Storage Mar 20, Recently, Windey, in collaboration with EQUINSA, a local Honduran power company, successfully won the EPC turnkey contract for Honduras' first energy storage Honduras energy storage projectFeb 1, The nine projects total US\$1.7 billion of investment, 1,366MW of renewable energy generation and 2,027MWh of energy storage capacity at the very least, with two not revealing Honduras Renewable Energy Tender Targets 1.5 GW with Chinese Investment May 15, Honduras launches a 1.5 GW renewable energy tender with integrated storage, drawing strong interest from Chinese companies. Learn how this ambitious plan aims to Honduras: Six bids for 'ambitious' 300MWh energy storage project Energy Nov 15, A government meeting taking place to discuss the tender. Image: Erick Tejada Carbajal via X. Last week (7 November) saw bids opened for a 75MW/300MWh BESS tender Honduras courts China for 975 MW renewables, energy storage May 14, Honduran Energy Secretary Erick Tejada said, "Once the CREE issues its no-objection, we will be ready to officially launch the bidding process." ENEE has proposed using Pathways to Decarbonize Honduras' Power SectorFeb 24, A deep decarbonization scenario dispatches renewable energy resources with a small cost premium of 9.60 \$/MWh without implementing carbon pricing or carbon Honduras Energy Tender: A Major Boost for Renewable GoalsMay 24, Honduras launches a major 1,500 MW energy tender, dedicating 975 MW to renewables. Explore investment opportunities and the nation's push for a cleaner grid. Honduras energy storage
