Why should I buy a portable power bank? Travel + Leisure does not endorse the opinions and views shared by readers in our comment sections. Whether you need to charge your phone, tablet, or laptop, these portable power banks will help keep you connected wherever your travels take you. Do I need a power bank? If you are charging a small smartphone, a simple power bank will suffice. If you plan on charging a laptop occasionally as well, or many devices at once, you'll want a power bank with more power and more features. Is myCharge a good portable power bank? The charging cord is shorter than other models. This portable power bank from myCharge earned the top slot in our test for its portability, battery life, and ability to accommodate both iPhone and Android models. Thanks to the USB port, type C, and lightning cable adapters included, you don't have to bring your own cables. What is the fastest power bank? The Anker MagGo Power Bank (10K, Slim) is our top pick for a reason: it combines shockingly good performance with a premium, portable design. Its charging capability is its standout feature, proving to be the fastest MagSafe power bank we've ever tested, capable of charging an iPhone in under two hours. Do portable chargers & power banks work if you're out of juice? These portable chargers and power banks give you the most boost when you're out of juice. Sarah has been writing about consumer tech since with a focus on ereaders, phones, and tablets. Watching your phone or tablet steadily run out of power when you're nowhere near an outlet is stressful. Which power bank should I buy? If you're looking for a compact power bank with decent capacity, Anker's Nano Power Bank is my pick, but watch out because the company has several power banks with the same name. This model has a 10,000 mAh capacity, a 2.3-foot retractable cable, and the ability to charge devices at up to 45 watts.
