Who is OPEI powers good?We are advocates for the outdoor power equipment industry, OPEI powers good for users, manufacturers, and dealers of outdoor power equipment. Join our association of equipment, engine and UTV maunfacturers and suppliers as we help to create a better outdoors. Learn more! Which outdoor power equipment should you buy?You'll typically find him in his old fixer-upper, engrossed in a DIY project or trying out a new recipe. The best outdoor power equipment you can buy right now, from Consumer Reports tests of snow blowers, lawn mowers, string trimmers, and more. How do I choose a power station for my outdoor adventures?Choosing a power station for your outdoor adventures hinges significantly on its IP rating, which reveals how well it can withstand the elements. The IP rating, or Ingress Protection rating, consists of two digits: the first indicates solid particle protection, while the second rates liquid ingress protection. How does Consumer Reports test outdoor power equipment?Consumer Reports' process goes something like this: Every year, our market analysts identify hundreds of new pieces of outdoor power equipment. We deploy a team of secret shoppers to buy each model we test to ensure that we're getting the same products you'd find at retail. Even after we test the tools, we're still not done. How do I choose a good outdoor battery?Consider models with robust battery management systems to prevent overheating and ensure safety during outdoor adventures. Prioritize lightweight and compact designs for easy transport, especially on uneven terrain. Ensure multiple charging options (solar, wall, and car) for convenience and sustainability in outdoor settings.
